**"Red-Circle Rate"** - A designation indicating that an employee's pay rate is above the maximum rate of the pay range to which his/her classification is assigned, and that the employee is not eligible for pay increases until the maximum rate of the pay range is higher than his/her rate.

## **Section 2. Inclusiveness of Specified Compensation**

The rates of compensation specified in this Compensation Plan for the classifications listed constitute the total monetary compensation of the employees and officers holding positions or employed by other authorization of the Council to perform duties, i.e., special projects, included within such classifications, with the exception of allowances for actual and necessary travel expenses authorized in advance and incurred as an incident of employment.

No other or additional monetary compensation shall in any event be payable unless specifically authorized by these regulations or by other ordinance.

## **Section 3. Application to Non-City Employees**

This Compensation Plan assigns pay grades to certain class titles applicable only to persons who are not employees of the City, but who are employed by other governmental officials, such as those of the General Registrar. In addition, certain class titles listed in this Compensation Plan may be assigned not only to persons who are City employees, but also to certain other persons not employed by the City. Nothing in this Compensation Plan is intended to alter the employment status of persons employed by officials or entities other than the City of Norfolk, and inclusion of class titles applicable to such persons in this Plan shall not have that result. Although the pay grades, pay rates and regulations contained in this Plan may be used by governmental officials and entities other than the City, at their sole option, with respect to the compensation of their employees, no such application shall be deemed to render such persons City employees, or to grant them any rights applicable to City employees.

## **Section 4. New Appointees**

(1) Upon the initial employment of every person whose position or other authorized employment, i.e., special projects, is included within a classification listed in this Compensation Plan, his or her initial salary shall be that specified for the minimum rate of the pay grade established for the classification, except as otherwise provided herein. The City Manager may, in her discretion, and when funds are available, authorize the employment of a new appointee at a higher rate in such pay grade. The City Council, in cases of persons whose appointments it confirms, and when funds are available, may authorize employment at a higher rate in such pay grade.

(2) Notwithstanding any foregoing provisions of Section 3. to the contrary, or the provisions of Sections 4 and 5 of these regulations, the initial salary of every person appointed for the first time to the classifications of Police Recruit, Police Officer I, Police Officer II, Firefighter Recruit, Firefighter/EMT-S, Firefighter/EMT-C, or Firefighter/EMT-P shall be that specified as the minimum rate of the respective pay grades established for those classifications in the Police or Fire Compensation Pay Schedules, provided, however, that the initial salary for those persons who have prior experience in work which is essentially the same as that encompassed by their applicable City position shall be at a pay rate determined by the City Manager, within such pay grade set forth in the Police or Fire Pay Schedules for the applicable classification.

(3) Persons employed as temporary employees to perform the same work as that performed by an employee in a classification for which a pay grade is set forth in this Compensation Plan shall receive compensation at a rate within such pay grade to be determined by the City Manager. Persons employed to render hourly service as periodic part-time or casual part-time employees, as provided in Sections 2-112 through 2-114 of the City Code, to perform the same work as that performed by an employee in a classification for which a pay grade is set forth in this Compensation Plan, shall receive hourly compensation at a rate within such pay grade to be determined by the City Manager, such hourly rate to be determined from the "Pay Schedules" contained in this plan. Persons employed as temporary employees, intermittent part-time employees, periodic part-time employees, or for hourly service as casual part-time employees to perform work which is not the same as that performed by an employee in a classification for which a pay grade is set forth in this plan, shall receive compensation as specifically provided for in these plans in the schedule entitled "Temporary and Part-Time Rate Schedule," provided, however, that no person employed as a temporary, intermittent part-time, periodic part-time, or casual part-time employee shall be paid less than the applicable minimum wage established by law for such employment.

(4) When the minimum pay rate in a pay grade is below the minimum wage rate then specified by the FLSA, the initial salary of a new appointee shall be that specified by the first pay rate in the pay grade which is higher than such minimum wage rate.

## **Section 11. Overtime**

### **(A) General Provisions**

(1) No employee shall be entitled to or shall receive any additional monetary compensation or shall be granted any compensatory time off for hours of work in excess of the standard work day, as defined in Section 2-47 of the City Code, except as provided herein.

(2) For the purposes of determining eligibility for compensation for overtime work, City employees are assigned to two eligibility categories:

- I. Employees who under the FLSA are required to receive monetary compensation or compensatory time for overtime work in accordance with the FLSA (nonexempt employees), at the rate of one and one-half times their regular rate of pay, or compensatory time equal to one and one-half times the number of hours actually worked in excess of 40 hours in a work week, or in excess of the number of hours in the applicable declared work period established pursuant to Section 7(k) of the FLSA in the case of fire protection, emergency medical service, and law enforcement employees, as defined in the FLSA. Fire protection, emergency medical service, and law enforcement employees in this category are eligible to receive, in addition to the overtime described in the preceding sentence, compensation for hours worked beyond an employee's normal work schedule as established by his/her department until reaching the maximum number of hours in the applicable declared 7(k) work period, at the rate of the hourly equivalent of the employee's pay rate, or, at the discretion of the Department Head or his/her designee, compensatory time off in an amount equal to the number of hours actually worked in excess of his/her normal work schedule.
- II. Employees who are exempt from the FLSA and are not eligible to receive either monetary overtime compensation or compensatory time off for overtime work.

The job classifications assigned to each of the two foregoing categories are listed respectively in FLSA Appendix 4A (Nonexempt Classifications Eligible for Overtime and Section 18, "Temporary and Part-Time Rate Schedule), and FLSA Appendix 4B (Exempt Classifications Not Eligible for Overtime), at the end of these regulations. These lists are current as of the effective date of these regulations and will be amended promptly whenever changes are determined to be appropriate. A change in overtime category for a position will not become effective until the applicable appendix or schedule is amended by ordinance.

(3) Nonexempt employees whose classifications are listed in FLSA Appendix 4A or Section 18 shall be eligible for monetary overtime compensation or compensatory time off when, by reason of necessity or emergency, they are required to work in excess of 40 hours per week, or in excess of the number of hours in the applicable declared 7(k) work period in the case of fire protection, emergency medical service, and law enforcement employees. Such employees shall receive monetary overtime compensation equal to one and one-half times their regular rate of pay applicable to the individual employee for the particular work week or work period during which the excess hours are actually worked, or compensatory time equal to one and one-half times the number of hours actually worked in excess of a 40 hour work week, or in excess of the number of hours in the applicable 7(k) work period; provided, however, that periods of sick leave, compensatory leave, emergency leave, civil leave, funeral leave, or periods of absence from duty due to a disability for which worker's compensation benefits have been approved, shall not be counted as hours worked toward achieving eligibility for overtime status. Department Heads or their designees are authorized to approve overtime work by employees holding positions in classifications listed in FLSA Appendix 4A or Section 18, without prior written approval of the City Manager, provided that the total amount required to be paid as overtime compensation does not exceed the budgetary appropriation for their department for that purpose. Agreement between Department Heads or their designees and the individual employee must be reached prior to performance of overtime work, if compensatory time is to be given in lieu of monetary overtime compensation.

(4) Nonexempt fire protection, emergency medical service, and law enforcement employees whose classifications are listed in FLSA Appendix 4A shall be granted, in addition to the overtime described in the preceding paragraph, compensation for hours worked beyond an employee's normal work schedule as established by his/her department until reaching the maximum number of hours in the applicable declared 7(k) work period, at the rate of the hourly equivalent of the employee's pay rate, or, at the discretion of the Department Head or his/her designee, compensatory time off in an amount equal to the number of hours actually worked in excess of his/her normal work schedule.

(5) Actual service of the full number of regularly scheduled work hours for a position, whether the schedule be standard or non-standard, must be documented before any employee will be considered to have worked overtime.

(6) Exempt employees whose classifications are listed in FLSA Appendix 4B shall not be eligible for either compensatory leave or monetary overtime pay.

(7) Nonexempt employees assigned to a designated task system of operation are ineligible for overtime during the performance of their designated tasks unless: (a) the designated task requires more than 8 hours of work in any one day or more than 10 hours of work in any one work day for employees assigned to a 4 day, 10 hour per day work week; or (b) employees have completed their designated tasks for the day and are assigned additional tasks; or (c) they are required to work in excess of 40 hours in a work week. The designated tasks for each employee operating under a task system of operation shall be set forth in writing by the Department Head. Employees performing overtime work as defined in this paragraph shall be entitled to monetary overtime compensation or compensatory time off for each hour they are required to perform such work, in accordance with the regulations governing Appendix 4A, as set forth in this plan.

(8) When state and/or federally mandated recertification training requirements cannot be accommodated during scheduled work periods, and when this circumstance has been certified, in writing, by the Director of Human Resources, employees may be granted compensatory time off only, on an hour for hour basis, for such training, including the taking of the final examination, that can only be offered to them by management during off-duty hours. The provisions of this section shall supersede the generally controlling nature of FLSA Appendices 4A and 4B. Such compensatory time will not be extended to include travel time.

(9) Nonexempt employees in the Department of Fire-Rescue Services who are required to participate in state mandated Advanced Life Support (ALS) recertification training programs, including the taking of the final examination, outside of regularly scheduled work periods, when this circumstance has been certified, in writing, by the Director of Human Resources, will be granted monetary compensation on an hour for hour basis, at the rate of the hourly equivalent of the employee's pay rate. Exempt employees in the Department of Fire-Rescue Services who are required to participate in State mandated Advanced Life Support (ALS) recertification training programs, including the taking of the final examination, outside of regularly scheduled work periods, when this circumstance has been certified, in writing, by the Director of Human Resources, will be granted monetary compensation at the rate of 1.4% of the minimum step of the pay grade assigned to their job class, upon successful completion of mandated recertification programs. The provisions of this section shall supersede the generally controlling nature of FLSA Appendices 4A and 4B. Such compensatory time will not be extended to include travel time.

(10) Training required by the employer as part of an employee's normal assignments, other than training required for state and/or federal recertification, shall be considered as hours worked, and any overtime hours necessitated by such requirement shall be paid for in accordance with the FLSA and regulations herein.

## **(B) Authorization**

(1) If the work of a nonexempt employee for which compensatory time off may be granted regularly includes work in a public safety activity, an emergency response activity, or a seasonal activity, the employee engaged in such work may accrue not more than 480 hours of compensatory time (320 hours of actual overtime worked) for hours worked in excess of the number of hours in the applicable 7(k) work period on or after April 15, 1986. A nonexempt employee engaged in any other type of work may accrue not more than 240 hours of

compensatory time (160 hours of actual overtime worked) for hours worked on or after April 15, 1986. Any such employee who, after April 15, 1986 has accrued 480 or 240 hours, as the case may be, of compensatory time off, shall, for additional overtime hours of work, be paid monetary overtime compensation. A nonexempt employee who has accumulated overtime may request compensatory time off and such compensatory time off shall be granted within a reasonable period of time, so long as it does not unduly disrupt the affected Department's operation.

(2) Accrued balances of unused compensatory time off, granted pursuant to the overtime requirements of the FLSA, at the termination of employment of nonexempt employees shall be paid at a rate not less than the average regular rate received by such employee during the last 3 years of employment or the final regular rate received by such employee, whichever is higher.

(3) In no event shall a Department Head be authorized to convert any allowance of compensatory time off earned by exempt employees prior to July 1, 1992 to monetary overtime compensation, unless said conversion is expressly approved, in writing, by the City Manager. Upon request by a Department Head, the City Manager may authorize payment of monetary overtime compensation in such amounts as she determines are reasonable, not to exceed the prorated hourly equivalent of the employee's pay rate multiplied by the number of overtime hours worked by an exempt employee prior to July 1, 1992, if she determines that an allowance of compensatory time off would adversely affect the operations of the City, and when funds are available. Allowances of compensatory time off shall not be convertible to monetary overtime compensation except as specifically provided in this policy.

(4) All compensatory time off granted prior to April 15, 1986 shall be administered, regulated and used in accordance with the relevant regulations contained in the City's Compensation Plan in effect at the time of accrual.

### **(C) Holidays**

In all cases where employees are required to work on any designated holiday, the following provisions will apply.

(1) Employees whose job classifications are listed in FLSA Appendix 4A shall receive monetary compensation equal to one and one-half times the hourly pay rate established for their classification. In addition, these employees will be granted one (1) compensatory day off, consisting of the same number of hours that would have been granted had they not been required to work on the holiday, in lieu of the holiday. The extra half-time payment for holiday work shall not be included in computing the employee's regular rate of pay for overtime computation purposes in accordance with the FLSA.

(2) Employees whose job classifications are listed in FLSA Appendix 4B shall be compensated at the pay rate established for their classification. In addition, these employees will be granted one (1) compensatory day off in lieu of the holiday, for the same number of hours as they would have been granted had they not been required to work on the holiday.

(3) Compensatory time for holiday service must be used within twelve (12) months from the holiday for which it is granted. Upon the request of a Department Head, and when it appears that the monetary payment for such compensatory time would be economically beneficial to the City, and/or necessary to the provision of City services, and/or would enhance the provision of City services, and when funds are available, the City Manager may authorize monetary payment for compensatory time accrued in accordance with Section 11. (C) (1) for persons holding positions in job classifications listed in FLSA Appendix 4A. In no event shall a Department Head be authorized to convert any allowance of compensatory time off earned by nonexempt employees in lieu of a holiday to monetary overtime compensation, unless the conversion is expressly approved, in writing, by the City Manager, and funding is available within applicable departmental accounts for implementation of the request.

(4) When an employee's normal weekly work schedule includes a Saturday or a Sunday, and a designated holiday falls on a scheduled weekend work day, the holiday shall be observed by such employee on the actual work day on which it occurs, rather than on the preceding Friday or the Monday thereafter.

(5) When an employee is not scheduled to work on a holiday, or on the day preceding a holiday which falls on a Saturday, or on the day following a holiday which falls on a Sunday, such employee shall work his or her normal work schedule for the week the holiday is observed, and shall be granted in lieu of a holiday, compensatory time off equivalent in hours to the number of hours such employee would have accrued in accordance with Section 2-48 of the City Code if he or she had been scheduled to work on the holiday.

(6) Compensatory time off earned in accordance with these regulations pertaining to holidays may only be used after the occurrence of the holiday.

# **Regulations for the Administration of the Senior Management Compensation Plan**

**Effective July 1, 2002**

## **Section 1.     Definitions**

**"Pay Grade"** - The compensation limits authorized for a specific classification shown as minimum and maximum rates.

**"Salary"** - A specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

**"Employee"** - Employees and officers of the City whose compensation is governed by this Senior Management Compensation Plan, i.e., whose job titles are listed herein.

## **Section 2.     Inclusiveness of Specified Compensation**

The compensation specified in the Senior Management Compensation Plan constitutes the total monetary compensation of persons holding positions included in this Plan, with the exceptions of allowances for actual and necessary travel expenses authorized in advance and as an incident of employment. No other or additional monetary compensation shall in any event be payable unless specifically authorized by these regulations or by other ordinance. When authorized in advance by the City Manager, reasonable and necessary expenses actually incurred for applicant interviewing, for moving expenses for the transportation to Norfolk of personal household goods, and for temporary housing of newly hired employees governed by this Plan, for up to six months, may be authorized by the City Manager to be reimbursed, to the extent the sums authorized do not exceed the appropriation for recruitment expenses.

## **Section 3.     New Appointees**

The City Manager, at her discretion, may authorize the employment of a new appointee to a position whose title is included in this Plan at a salary within the pay grade assigned to the position. Employment at a salary higher than the minimum limit of a pay grade is to be based on the qualifications of the candidate for the position (i.e., the candidate's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the candidate to perform the duties required of the position, the necessity to offer a higher salary to employ the person, and other relevant factors which should be considered. Notwithstanding any provisions contained in this Section or Sections 4, 5, 6 or 9 of these rules, no employee whose position is included within this Plan shall be paid a salary which exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance.

## **Section 4.     Promotions and Regrades**

(1) When an employee is promoted to a position where the minimum pay rate of the new pay grade is 15% or greater than the minimum rate of the former pay grade, the employee's salary shall be increased to the minimum pay rate of the new grade or at a pay rate which is 10% above the employee's former salary.

(2) When an employee is promoted to a position where the minimum pay rate of the new pay grade is less than 15% greater than the minimum pay rate of the former pay grade, the employee's salary shall be increased to the minimum pay rate of the new grade or at a pay rate which is 5% above the employee's former salary.

(3) When an employee's classification is assigned to a higher pay grade (regrade), the employee's salary shall be increased to the minimum pay rate of the pay grade assigned to the classification to which he or she is regraded; and, if the employee's former salary exceeds the minimum rate of the classification to which he or she is regraded, the employee's salary shall stay the same.

(4) The City Manager may authorize, in her best judgment, based on the qualifications of the employee, (i.e., the employee's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the employee to perform the duties required of the position, and other relevant factors which should be considered, the salary of an employee to be at any specific dollar amount within the pay grade assigned to the classification to which the promotion is made, subject to the availability of funds for that purpose.

(5) Notwithstanding any provisions contained in this Section or Sections 4, 5, 6 or 9 of these rules, no employee whose position is included within this Plan shall be paid a salary which exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance.

#### **Section 5.     Transfers and Reassignments**

When a person occupying a position whose classification is included in this Plan is transferred or reassigned to a position in a different pay grade, when the transfer is of a permanent nature, is for the purpose of career advancement of the employee, or is for the purpose of enhancing the operational effectiveness of the city government, the salary of the affected employee may be adjusted by the City Manager to any specific dollar amount in the new pay grade, based upon the best judgment of the City Manager as to the duties and responsibilities of the new position, the employee's qualifications and the pay grade of the position to which the assignment is made. Should the salary of an employee prior to a transfer or reassignment exceed the maximum limit of the pay grade of the position to which the transfer or reassignment is made, the City Manager may continue the employee's salary prior to transfer or reassignment, except that in such circumstance, the salary shall be no higher than 5% above the maximum limit of the pay grade to which the transfer or reassignment is made. Any employee whose salary exceeds the maximum limit of a pay grade shall not receive any pay adjustments until the maximum limit of the pay grade of the position exceeds the salary established by this provision.

Employees transferred or reassigned for temporary periods, shall receive such compensation as is specified by Section 9 below.

#### **Section 6.     Demotions**

When an employee whose position is included in this Plan is demoted due to inadequate performance or for disciplinary reasons, his or her salary shall be reduced to any specific dollar amount within the pay grade assigned to the position to which he or she is demoted, at the discretion of the City Manager.

## **Section 7.     Progression Within Pay Grades**

A) Employees whose positions are listed in this Senior Management Compensation Plan, shall be eligible to receive, on July 1, 2002, an increase of up to 3% within the pay grade assigned as listed in this plan, if rated at a "Competent" level on the City's Performance Management System which is to be completed by June 30, 2002, and such rating is approved by the City Manager. The actual percentage granted will be based on the employee's placement in the "Competent" category as determined by the evaluation of the employee using the City's Performance Management System. In the event an employee's current pay rate is near or at the maximum of the assigned pay grade of his or her position classification, and the employee receives a "Competent" rating, the employee shall receive any increase in salary as specified above which does not exceed the maximum rate of the pay grade. If an employee's current pay rate is at or above the maximum rate of the pay grade assigned, no increase will be granted.

Employees whose positions are listed in this Senior Management Compensation Plan, shall be eligible to receive, on July 1, 2002, a 2.5% - 4% increase within the pay grade assigned as listed in this plan, if rated at a "Highly Competent" level on the City's Performance Management System, and such rating is approved by the City Manager. The actual percentage granted will be based on the employee's placement in the "Highly Competent" category, as determined by the evaluation of the employee using the City's Performance Management System. In the event an employee's current pay rate is near or at the maximum of the assigned pay grade of his or her position classification, and the employee receives a "Highly Competent" rating, the employee shall receive any increase in salary as specified above, which does not exceed the maximum rate of the pay grade. If an employee's current pay rate is at or above the maximum rate of the pay grade assigned, no increase will be granted.

Employees whose positions are listed in this Senior Management Compensation Plan, shall be eligible to receive, on July 1, 2002, a 3% to 5% increase within the pay grade assigned as listed in this plan if rated at an "Excellent" level on the City's Performance Management System, and such rating is approved by the City Manager. The actual percentage granted will be based on the employee's placement in the "Excellent" category, as determined by the evaluation of the employee using the City's Performance Management System. In the event an employee's current pay rate is near or at the maximum of the assigned pay grade of his or her position classification, and the employee receives a "Highly Competent" or "Excellent" rating, the employee shall receive any increase in salary as specified above, which does not exceed the maximum rate of the pay grade. If an employee's current pay rate is at or above the maximum rate of the pay grade assigned, no increase will be granted.

(1) All pay rate increases within each pay grade, to the extent authorized by City Council, will be effective on July 1st of each year and will be based on performance ratings obtained through the City's Performance Management System process, except as specified in paragraph B) below.

(2) In no event shall the aggregate amount of salary increases within a department exceed the equivalent of what it would cost for each member of this plan to receive a 3% general wage increase, unless approved by the City Manager.

B) The compensation of any employee whose position is listed in this plan who fails to obtain a "Competent", "Highly Competent," or "Excellent" rating on the City's Performance Management system shall remain fixed at the employee's rate of compensation immediately prior to the effective date of this plan. At any time during the operative duration of this plan, the City Manager may reevaluate such employee, using the City's Performance Management System. If upon reevaluation, the employee receives a "Competent", "Highly Competent," or "Excellent" rating on the City's Performance Management System, his or her salary shall be adjusted at that time in accordance with the provisions contained in paragraph A of this section, except that any change shall be effective as of the date of the reevaluation. Department directors who rate a senior manager's performance below "Competent" must state the reasons for this rating. The performance management form is just one of a number of tools used to determine if performance is satisfactory and the increment should be awarded.

C) When an employee whose position is listed in this plan has rendered exceptionally meritorious service, the City Manager, in her best judgement, may authorize a monetary exemplary performance award that is in addition to any other salary increase which the employee receives during the course of a fiscal year, not exceeding 5% of the employee's salary at that time; provided, however, that not more than one such award may be authorized during any one fiscal year. In no case shall the exemplary performance award be included in an employee's base wages or in an individual's retirement calculation. No such award may be authorized unless funds for that purpose are available in the personal services account of the department of the affected employee.

#### **Section 8. Administrative Salary Adjustments**

(A) Whenever it is brought to the attention of the City Manager by a Department Head or other proper person, and verified by the Director of Human Resources, that an error or mistake has been made in the application of the Senior Management Compensation Plan, the City Manager shall take the appropriate corrective action. Pending the approval of the City Manager of corrective action, the Director of Human Resources shall take immediate action to prevent any continued overpayment or underpayment of any salary.

(B) When recommended by a Department Head, together with the endorsement of the Director of Human Resources, when it is demonstrated in writing to the satisfaction of the City Manager that an employee has rendered continuing, exceptionally meritorious service, the City Manager may authorize one pay advancement per fiscal year. No such award may be authorized unless funds for that purpose are available in the personal services account of the department of the affected employee.

#### **Section 9. Temporary Acting Service**

A) (1) Whenever an employee is legally assigned to serve in a temporary acting capacity in a position included in this Plan, such employee, during the period of such service, shall be compensated at the minimum salary of the pay grade of the position in this Plan, or as provided under item A) (2).-

(2) If the employee's salary in his/her permanent classification exceeds the minimum rate of the temporary classification, he/she shall be compensated as follows:

(a) When an employee is assigned to serve in temporary acting capacity in a position where the minimum pay rate of the new pay grade is 15% or greater than the minimum rate of the former pay grade, the employee's salary shall be increased by 10% above the former salary.

(b) When an employee is assigned to serve in temporary acting capacity in a position where the minimum pay rate of the new pay grade is less than 15% greater than the minimum pay rate of the former pay grade, the employee's salary shall be increased to 5% above the former salary.

B) In the event such employee, during the period of temporary acting service in a position included in this Plan, becomes entitled to an increase in compensation under the regulations of the compensation plan in which the employee's permanent position is included, the employee's compensation shall be increased by the same percentage as the increase authorized by the regulations of the compensation plan in which the employee's permanent position is included. Any special duty and education supplements authorized under the regulations of the compensation plan in which the employee's permanent position is included, shall be continued during the employee's term of temporary acting service, to the extent that they continue to be authorized for the employee's permanent position.

C) When temporary acting service is discontinued, an employee's compensation shall revert to the salary previously paid prior to such service.

#### **Section 10. Overtime Eligibility**

Employees occupying positions whose titles are listed in this Plan shall not be eligible for monetary overtime compensation or compensatory time off for hours worked beyond the normal workweek.

# **Regulations for the Administration of the Law Compensation Plan**

## **Effective July 1, 2002**

### **Section 1.     Definitions**

**"Pay Grade"** - The compensation limits authorized for a specific classification shown as minimum and maximum rates.

**"Salary"** - A specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

**"Employee"** - Employees of the City whose compensation is governed by this Law Compensation Plan, i.e., whose job titles are listed herein.

### **Section 2.     Inclusiveness of Specified Compensation**

The compensation specified in the Law Compensation Plan constitutes the total monetary compensation of persons holding positions included in this Plan, with the exceptions of allowances for actual and necessary travel expenses authorized in advance and as an incident of employment. No other or additional monetary compensation shall in any event be payable unless specifically authorized by these regulations or by other ordinance. Compensation in forms other than money authorized to employees whose positions are governed by this Plan is not included in this Plan. When authorized in advance by the City Attorney, reasonable and necessary expenses actually incurred for applicant interviewing, for moving expenses for the transportation to Norfolk of personal household goods, and for temporary housing of newly hired employees governed by this Plan, for not more than six months may be authorized by the City Manager to be reimbursed, to the extent the sums authorized do not exceed the appropriation for recruitment expenses.

### **Section 3.     New Appointees**

The City Attorney, at his discretion, may authorize the employment of a new appointee to a position whose title is included in this Plan at a salary within the pay grade assigned to the title. Employment at a salary higher than the minimum limit of a pay grade is to be based on the qualifications of the candidate for the position (i.e., the candidate's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the candidate to perform the duties required of the position, the necessity to offer a higher salary to employ the person, and other relevant factors which should be considered. Notwithstanding any provisions contained in this Section or Sections 4, 5, 6 or 9 of these rules, no employee whose position is included within this Plan shall be paid a salary which exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance.

### **Section 4. Executive Leave**

Anything to the contrary in this Plan or any other ordinance to the contrary notwithstanding, the City Attorney is authorized, in his sole discretion, to grant a period of leave with pay not exceeding two work weeks to a new appointee for the purpose of facilitating recruitment and retention.

## **Section 5.     Promotions**

The City Attorney shall have the authority to make promotions. When an employee is promoted, the employee's salary shall be increased to the minimum pay rate of the new classification, or the City Attorney may authorize, in his best judgment, based on the qualifications of the employee, (i.e., the employee's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the employee to perform the duties required of the position, and other relevant factors which should be considered, the salary of the employee at any specific dollar amount within the pay grade assigned to the classification to which the promotion is made, subject to the availability of funds for that purpose.

## **Section 6.     Demotions**

When an employee whose position is included in this Plan is demoted due to inadequate performance or for disciplinary reasons, his or her salary shall be reduced to any specific dollar amount within the pay grade assigned to the position to which he or she is demoted, at the discretion of the City Attorney.

## **Section 7     Salary Reductions**

When it is determined by the City Attorney, in his sole discretion, that the salary of an employee whose title is included in this Plan should be reduced, his or her salary shall be reduced by the City Attorney to any specific dollar amount within the pay grade assigned to the position which he or she holds.

## **Section 8.     Progression Within Pay Grades**

A)     Employees whose titles are listed in this Plan shall be eligible to receive an increase in salary within the pay grade to which their position title is assigned, at the discretion of the City Attorney, not exceeding 10% of their current salary, subject to the availability of funds appropriated for that purpose. In no event shall the aggregate amount of salary increases under this subsection for members within this plan exceed an amount equal to the cost of giving each member a 3% increase pursuant to this subsection. Any such increase, which shall not exceed the maximum rate of the pay range, shall be based upon performance, as determined by such means and criteria as the City Attorney deems appropriate. No increase will be granted to an employee whose current salary is at or above the maximum rate of their current pay range.

B)     All pay increases within each pay grade under this section will be effective on July 1<sup>st</sup>.

C)     The compensation of any employee whose title is listed in this plan who fails to perform satisfactory work shall remain fixed at the employee's rate of compensation immediately prior to the effective date of this plan. At any time during the operative duration of this plan, the City Attorney may reevaluate such employee. If upon reevaluation, the employee's work is satisfactory, his or her salary may, at the discretion of the City Attorney, be adjusted at that time in accordance with the provisions contained in paragraph A of this section, except that any change shall be effective as of the date of the reevaluation. The City Attorney shall utilize means deemed appropriate to determine if performance is satisfactory and whether an increment should be awarded.

D) When an employee whose title is listed in this plan has rendered exceptionally meritorious service, the City Attorney in his best judgement, may authorize a monetary exemplary performance award that is in addition to any other salary increase which the employee may receive during the course of a fiscal year, based upon the availability of funds, not exceeding 5% of the employee's salary; provided, however, that not more than one such award may be authorized during any one fiscal year. In no case shall the exemplary performance award be included in an employee's base wages or in an individual's retirement calculation. No such award may be authorized unless funds for that purpose are available in the personal services account of the Department of Law.

#### **Section 9. Overtime Eligibility**

Employees occupying positions whose titles are listed in this Plan shall not be eligible for monetary overtime compensation or compensatory time off for hours worked beyond the normal workweek.

#### **Section 10. Administrative Salary Adjustments**

Pending the City Manager's approval of this corrective action, the Director of Human Resources shall immediately act to correct any such error or mistake.

# **Regulations for the Administration of the City Council Appointee Compensation Plan**

**Effective July 1, 2002**

## **Section 1.        Definitions**

**"Pay Grade"** - The compensation limits authorized for a specific classification shown as minimum and maximum rates. The minimum and maximum rates shall be increased annually by the percentage amount of the general wage adjustment (GWI), if any.

**"Salary"** - A specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

**"Employee"** – Officers of the City whose compensation is governed by this Compensation Plan, i.e., whose job titles are listed herein.

## **Section 2.        Inclusiveness of Specified Compensation**

The compensation specified in this Council Appointee Compensation Plan constitutes the total monetary compensation of persons holding positions included in this Plan, and includes the use of a City car by the City Assessor and, for the City Manager and City Attorney, either a monthly car allowance of \$833.33 or use of a City car. The City Manager and City Attorney may elect either the car allowance or use of a City car. This Plan also includes additional compensation to the City Manager in the form of contributions to tax deferred accounts, as follows: (1) a contribution to the City Manager's Section 457 account, established pursuant to and governed by section 457 of the Internal Revenue Code, including costs of living adjustments authorized thereunder, in an amount equal to the maximum allowable; and (2) a contribution to the City Manager's section 401 account, as provided for in the City's Section 401(a) Money Purchase Plan and Trust, established pursuant to and governed by section 401 of the Internal Revenue Code, in an amount equal to the difference, as applied to her salary for fiscal year 2002-2003, between the accrual rates of the General Employee and the Public Safety Employee portions of the City's Employees' Retirement System, as determined by its actuary. No other or additional monetary compensation shall in any event be payable unless specifically authorized by these regulations or by other ordinance. The position of City Manager will not be limited by a pay grade, but will otherwise be established in accordance with this Plan.

## **Section 3.        New Appointees**

The City Council, at its discretion, may authorize the employment of a new appointee to a position whose title is included in this Plan at a salary within the pay grade or at a rate assigned to the position. Employment at a salary higher than the minimum limit of a pay grade is to be based on the qualifications of the candidate for the position (i.e., the candidate's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the candidate to perform the duties required of the position, the necessity to offer a higher salary to employ the person, and other relevant factors which should be considered. No employee whose position is included within this Plan shall be paid a salary which exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance.

**Section 4.           July 1 Increases**

A general wage increase of 3% of the salary paid during FY-2002 shall be effective July 1, 2002.

**Section 5.           Progression Within Pay Grades (No Annual Increments Authorized for FY-03)**

**Section 6.           Additional Adjustments**

(A) Whenever it is brought to the attention of the City Manager, and verified by the Director of Human Resources, that an error or mistake has been made in the application of the Council Appointee Compensation Plan, the City Manager shall take the appropriate corrective action. Pending the approval of the City Manager of corrective action, the Director of Human Resources shall take immediate action to prevent any continued overpayment or underpayment of any salary.

(B) The City Council may authorize a monetary exemplary performance award that is in addition to any other salary increase which the Council Appointee receives during the course of a fiscal year. The exemplary performance award shall not be regarded the same as salary and shall not become a part of the employee's base salary.

(C) The City Council may grant to current employees periods of leave in addition to the amount otherwise provided by ordinance. The granting of such additional leave shall be based on consideration of performance or other factors related to the organization's operational effectiveness and efficiency.

# **Regulations for the Administration of the Executive Compensation Plan**

**Effective July 1, 2002**

## **Section 1.        Definitions**

**"Pay Grade"** - The compensation limits authorized for a specific classification shown as minimum and maximum rates.

**"Salary"** - A specific dollar amount paid as annual compensation which is no less than the minimum limit of a pay grade and no greater than the maximum limit of the pay grade.

**"Employee"** - Employees and officers of the City whose compensation is governed by this Executive Compensation Plan, i.e., whose job titles are listed herein.

## **Section 2.        Inclusiveness of Specified Compensation**

The compensation specified in the Executive Compensation Plan constitutes the total monetary compensation of persons holding positions included in this Plan, with the exceptions of allowances for actual and necessary travel expenses authorized in advance and as an incident of employment. No other or additional monetary compensation shall in any event be payable unless specifically authorized by these regulations or by other ordinance. When authorized in advance by the City Manager, reasonable and necessary expenses actually incurred for applicant interviewing, for moving expenses for the transportation to Norfolk of personal household goods, and for temporary housing of newly hired employees governed by this Plan, for up to six months, may be authorized by the City Manager to be reimbursed, to the extent the sums authorized do not exceed the appropriation for recruitment expenses.

## **Section 3.        New Appointees**

The City Manager, at her discretion may authorize the employment of a new appointee to a position whose title is included in this Plan at a salary within the pay grade assigned to the position. Employment at a salary higher than the minimum limit of a pay grade is to be based on the qualifications of the candidate for the position (i.e. the candidate's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the candidate to perform the duties required of the position, the necessity to offer a higher salary to employ the person, and other relevant factors which should be considered. Notwithstanding any provisions contained in this Section or Sections 5, 6, 7, or 10 of these rules, no employee whose position is included within this Plan shall be paid a salary which exceeds the maximum limit of the highest pay grade authorized in this Plan, except as may specifically be authorized by ordinance.

#### **Section 4.           Executive Leave**

Anything to the contrary in this Plan or any other ordinance to the contrary notwithstanding, the City Manager is authorized, in her sole discretion, to grant a period of leave with pay not exceeding two work weeks to a new appointee for the purpose of facilitating recruitment and transition or to current employees, based on consideration of the past year's work plan and performance.

#### **Section 5.           Promotions and Regrades**

When an employee is promoted to a position whose classification title is included in this Plan, the City Manager may authorize, in her best judgment, based on the qualifications of the employee (i.e., the employee's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the employee to perform the duties required of the position, and other relevant factors which should be considered, the salary of the employee to be at any specific dollar amount within the pay grade assigned to the classification to which the promotion is made, subject to the availability of funds for that purpose.

When an employee's classification is assigned to a higher pay grade, the employee's salary shall be increased to the minimum pay rate of the pay grade assigned to the classification to which he or she is regraded; or, if above the minimum pay rate, shall stay the same, as approved by the City Manager, subject to the availability of funds for that purpose.

#### **Section 6.           Transfers and Reassignments**

When a person occupying a position whose classification is included in this Plan is transferred or reassigned to a position in a different pay grade, when the transfer is of a permanent nature, is for the purpose of career advancement of the employee, or is for the purpose of enhancing the operational effectiveness of the city government, the salary of the affected employee may be adjusted by the City Manager to any specific dollar amount in the new pay grade, based upon the best judgment of the City Manager as to the duties and responsibilities of the new position, the employee's qualifications and the pay grade of the position to which the assignment is made. Should the salary of an employee prior to a transfer or reassignment exceed the maximum limit of the pay grade of the position to which the transfer or reassignment is made, the City Manager may continue the employee's salary prior to transfer or reassignment. Any employee whose salary exceeds the maximum limit of a pay grade shall not receive any pay adjustments until the maximum limit of the pay grade of the position exceeds the salary established by this provision.

Employees transferred or reassigned for temporary periods, in accordance with the Executive Rotation Policy, shall receive such compensation as is specified by Section 10 below.

#### **Section 7.           Demotions**

When an employee whose position is included in this Plan is demoted due to inadequate performance or for disciplinary reasons, his or her salary shall be reduced to any specific dollar amount within the pay grade assigned to the position to which he or she is demoted, at the discretion of the City Manager.

**Section 8.****Executive Compensation Adjustments**

- A) Annually, the City Manager shall review individual employees' salaries for the purpose of making a compensation adjustment, based on consideration of factors such as performance, market conditions, and total increases authorized by City Council for general employees. The actual percentage granted shall not exceed the maximum rate of the pay grade.
- B) All pay rate increases within each pay grade, to the extent authorized by City Council, will be effective on July 1st of each year and will be based on performance.
- C) The compensation of any employee whose position is listed in this plan whose performance is evaluated by the City Manager as less than competent shall remain fixed at the employee's rate of compensation immediately prior to the effective date of this plan. At any time during the operative duration of this plan, the City Manager may reevaluate such employee. If upon reevaluation, the employee's performance is competent, his or her salary shall be adjusted at that time in accordance with the provisions contained in paragraph A of this section, except that any change shall be effective as of the date of the reevaluation.
- D) When an employee whose position is listed in this plan has rendered exceptionally meritorious service, the City Manager, in her best judgment, may authorize a monetary exemplary performance award that is in addition to any other salary increase which the employee receives during the course of a fiscal year not exceeding 5% of the employee's salary at that time; provided, however, that not more than one such award may be authorized during any one fiscal year. In no case shall the exemplary performance award be included in an employee's base wages or in an individual's retirement calculation. No such award may be authorized unless funds for that purpose are available in the personal services account of the department of the affected employee.
- E) In no event shall the aggregate amount of salary increases for members within this Plan exceed the equivalent of what it would cost for each member of this Plan to receive a 3% general wage increase.

**Section 9.****Administrative Salary Adjustments**

- (A) Whenever it is brought to the attention of the City Manager, and verified by the Director of Human Resources, that an error or mistake has been made in the application of the Executive Compensation Plan, the City Manager shall take the appropriate corrective action. Pending the approval of the City Manager of corrective action, the Director of Human Resources shall take immediate action to prevent any continued overpayment or underpayment of any salary.
- (B) When the City Manager determines that an employee has rendered continuing, exceptionally meritorious service, the City Manager may authorize one pay advancement per fiscal year.

## **Section 10. Temporary Acting Service**

A) Whenever an employee is legally assigned to serve in a temporary acting capacity in a higher ranking or higher compensated position in this Plan, the City Manager may authorize, in her best judgment, based on the qualifications of the employee, (i.e., the employee's education and relevant work experience), the market conditions which affect the availability of highly qualified candidates for the position, the assessment of the ability of the employee to perform the duties required of the position, and other relevant factors which should be considered, the salary of the employee to be at any specific dollar amount within the pay grade assigned to the classification to which the promotion is made, subject to the availability of funds for that purpose.

B) (1) Whenever an employee whose permanent position is not included in this Plan is legally assigned to serve in a temporary acting capacity in a position included in this Plan, such employee, during the period of such service, shall be compensated at the minimum salary of the pay grade of the position in this Plan, or as provided under item B) (2).

(2) If the employee's salary in his/her permanent classification exceeds the minimum rate of the temporary classification, he/she shall be compensated as follows:

(a) When an employee is assigned to serve in temporary acting capacity in a position where the minimum pay rate of the new pay grade is 15% or greater than the minimum rate of the former pay grade, the employee's salary shall be increased to the pay rate which is 10% above the former salary.

(b) When an employee is assigned to serve in temporary acting capacity in a position where the minimum pay rate of the new pay grade is less than 15% greater than the minimum pay rate of the former pay grade, the employee's salary shall be increased to the pay rate which is 5% above the former salary.

C) In the event such employee, during the period of temporary acting service in a position included in this Plan, becomes entitled to an increase in compensation under the regulations of the compensation plan in which the employee's permanent position is included, the employee's compensation shall be increased by the same percentage as the increase authorized by the regulations of the compensation plan in which the employee's permanent position is included. Any special duty and education supplements authorized under the regulations of the compensation plan in which the employee's permanent position is included, shall be continued during the employee's term of temporary acting service, to the extent that they continue to be authorized for the employee's permanent position.

D) When temporary acting service is discontinued, an employee's compensation shall revert to the salary previously paid prior to such service.

## **Section 11. Overtime Eligibility**

Employees occupying positions whose titles are listed in this plan shall not be eligible for monetary overtime compensation or compensatory time off for hours worked beyond the normal workweek.
